

SAP S/4HANA UPGRADE OR IMPLEMENTATION

IMPROVE YOUR PERFORMANCE WITH SAP S/4HANA

SAP S/4HANA solution is a major breakthrough in the world of SAP ERP. Adopting SAP S/4HANA has become a major challenge in the roadmap for SMEs, mid-sized businesses and large groups. PASàPAS assists you in defining your SAP S/4HANA roadmap via its SAP S/4HANA Trajectory offer.

Once your roadmap has been defined, you may choose "SAP S/4HANA upgrade or implementation". This solution allows to upgrade or implement an information system based on SAP S/4HANA.

Approach

1 ANALYZE YOUR NEED

- Review of your business model.
- Analysis of your business stakes and your short and medium term development strategy.
- Design of the implementation strategy.

2 IMPLEMENT

- Implement your new information system in a solution based on SAP S/4HANA standard processes
- Co-develop necessary elements for optimization
- Prepare the company and users for the transformation (process, organization, tool ...)

3 DEPLOY

- Migration of your data to the target solution
- Training and user support
- Teams coaching during start-up phases

Benefits
